## Lecture Mobile Computing, fall term 2020 Android Programming Project (APP) – Project description

| Group name:    |  |
|----------------|--|
| Group members: |  |

## **Instructions**

- Please answer the questions reported in the following two pages using the foreseen text boxes.
- Do not change the format, font size or any other elements of this template.
- Be concise and precise.
- Do not exceed the given limit of maximal number of characters. The given limits are intended including white spaces (e.g., the sentence "This is a nice sentence" contains 23 characters).
- "The app" mentioned in the questions refers to the Android-based application that you develop in the context of the Mobile Computing class.
- Once compiled, please upload the document on iCorsi.
- The deadline for sending the document is Thursday, November 5, 2020, 19:00 CEST
- If you have questions: post your question(s) in the iCorsi forum or e-mail <u>elena.dilascio@usi.ch</u> and <u>shkurta.gashi@usi.ch</u>.

| 1.     | What is the name of your app?   |
|--------|---|
|        |   |
| 2.     | Which problem does the app solve? (Max. 200 characters)   |
|        |   |
|        |   |
| 3.     | How does your app solve this problem? (Max. 650 characters)   |
|        |   |
|        |   |
|        |   |
|        |   |
| 4.     | Why is this problem relevant? (Max. 300 characters)   |
|        | ,   |
|        |   |
| _<br>5 | Do other apps exist to solve this (or a very similar) problem?  |
| J.     | Yes [ No [ ]  |
| 6      | If you answered <i>yes</i> to question 5, list the existing apps that are most related to yours and explain   |
| υ.     | how these solutions differ from your own. If you answered <i>no</i> to question 5, explain why do you   |
|        | think nobody else has solved this problem before. (Max. 650 characters)   |
|        |   |
|        |   |
|        |   |
|        |   |
|        |   |
| 7.     | Which of the built-in sensors of your phone does the app make use of? (Max. 200 char.)  |
|        |   |
| L      |   |
| 8.     | Which of the built-in actuators of your phone does the app make use of? (Max. 200 char.)  |
|        |   |
|        | Does your app store sensor data locally, remotely, or in both ways?   |
| Э.     |   |
|        |   |
| LU.    | Motivate your answer to question 9 (i.e., explain why your app stores data and why it does so only locally/remotely or in both ways). (Max. 650 characters) |
|        | locally/remotery of in both ways). (Max. 656 characters)  |
|        |   |
|        |   |
|        |   |
|        |   |

| 11.        | Which type of data visualization your app offers and why. If you answered <i>no</i> to question 11, explain why data visualization is not necessary for your app. (Max. 650 characters)  |  |  |
|------------|--|--|--|
|            |  |  |  |
|            |  |  |  |
|            |  |  |  |
| 12.        | Does your app perform any type of data processing on the collected sensor data?  |  |  |
|            | Yes [ No [ ]   |  |  |
| 13.        | If you answered <i>yes</i> to question 13 explain which type of data processing your app performs on the collected data and why. If you answered <i>no</i> to question 13 explain why data processing is not necessary for your app. (Max. 650 characters) |  |  |
|            |  |  |  |
|            |  |  |  |
| 14.        | How do you evaluate whether your app performs correctly and achieves its goal (i.e., solves the  |  |  |
| Г          | problem described in question 2)? (Max. 650 characters)  |  |  |
|            |  |  |  |
|            |  |  |  |
|            |  |  |  |
| 15         | Which permissions does your app require to be granted by the user? (Max. 200 characters)   |  |  |
|            | which permissions does your apprequire to be granted by the user: (Max. 200 characters)  |  |  |
|            |  |  |  |
| 16.        | Does the app raise any ethical issues?   |  |  |
|            | Yes [ ] No D   |  |  |
| <b>17.</b> | Motivate your answer to question 16 (Max. 300 char.)   |  |  |
|            |  |  |  |
|            |  |  |  |
| 18.        | Which are the main challenges that you expect to encounter in order to build your app? (Max. 300 characters)   |  |  |
|            |  |  |  |
|            |  |  |  |
|            |  |  |  |
